action!**

# **Sterile Syringes Save Lives**

**You can help promote safe and sterile syringe disposal in your community!**

- 1. Find out if your pharmacy is enrolled in the Illinois Sharps Container Program.**
- 2. If not, ask the pharmacy to enroll in the program.**
- 3. Your pharmacy can enroll by calling the AIDS Foundation of Chicago at (312) 922-2322.**
- 4. Give your pharmacist the educational postcards about the syringe purchase law and safe disposal.**
- 5. Talk to your clients, staff, volunteers, and colleagues about the program. Urge them to talk with their pharmacists about the Sharps Container Program!**

**Have questions or problems? Contact the AIDS Foundation of Chicago for materials or support:**

**(312) 922-2322 or
