### Important Information:

1. All orders fewer than five cases (5,000 female condoms) will be shipped to the AIDS Foundation of Chicago office and will require Agency pickup. You will be notified via email when your order has arrived and is ready for pickup. Orders for more than five cases will be shipped directly to your agency.
2. Orders will not be processed until payment is received.
3. Order processing may take from three to four weeks as AFC must pool enough orders to reach the 25 case minimum order set by the Female Health Company.
4. By participating in the AIDS Foundation of Chicago's pool purchasing of female condoms, Agency agrees to not redistribute female condoms for sale.
