

March 5, 2010

The Honorable Pat Quinn
Governor
State of Illinois
100 W. Randolph Street
Chicago, IL 60601

Dear Governor Quinn:

We are grateful for your recent actions to maintain funding for the AIDS Drug Assistance Program (ADAP). The additional spending authority you provided will maintain access to HIV medications for hundreds of people with HIV, delaying and preventing serious illness, early disability, and premature death.

We represent 66 organizations providing HIV/AIDS prevention, care, housing and other services in Illinois and 419 individual advocates for HIV/AIDS programs and services.

The continuing AIDS emergency requires sustained funding to maintain vital services for people with HIV and to prevent the epidemic from worsening. We are therefore writing to request your assistance seeking increased HIV-related state funding in your FY 11 budget proposal to the General Assembly. We urge you to seek an HIV state funding increase of \$18 million, for a total state HIV/AIDS appropriation of \$44.06 million. We specifically recommend the following allocation:

- \$10.56 million in new funding to meet escalating enrollment in the Illinois AIDS Drug Assistance Program (ADAP), which is an essential safety-net for HIV-positive people who have no other means to afford their lifesaving HIV therapies. ADAP should receive \$29.56 million in state funding in FY 11.
- \$7.4 million in new funding to restore HIV prevention, care and housing funds that were cut to sustain ADAP services in FY10. Grants for HIV services should receive \$14.5 million in state funding in FY 11.

In addition, we urge you to request funding at FY 09 levels for other HIV funding lines, including minority HIV/AIDS prevention (\$3.15 million) and HIV and corrections (\$2 million).

In FY 10, Illinois salvaged ADAP by cutting funding from other vital HIV state programs. Born out of short-term necessity, this tactic will only accelerate the state's HIV/AIDS crisis in the long term. This is why we strongly urge state officials to safeguard all vital HIV services from destabilizing budget reductions.

As you know, the HIV/AIDS epidemic is a public health emergency in Illinois and across America. In Illinois, an estimated 44,000 people are living with HIV, and 1,400 people on average are reported as HIV-positive each year. People of color are overwhelmingly impacted by HIV. In 2008, 58% of people newly diagnosed with HIV were African-American and 14% were Latino. In addition, 26% were white and 3% were of Asian or other racial/ethnic backgrounds.

Services such as voluntary HIV and sexually transmitted disease testing, outreach and education, individual and group interventions for at-risk groups, consumer education about

available HIV services, housing for people with HIV, and adherence and treatment education are vital components of the state's strategy to end HIV/AIDS. Depleting the supply of these services to safeguard ADAP is short-sighted and could actually result in higher numbers of people needing ADAP in the future.

Clearly, this will be a difficult budget year. We join you in urging the legislature to enact comprehensive revenue reform to modernize the state's tax system. Without new revenue, lawmakers will be hard pressed to meet the vital needs of vulnerable Illinoisans and balance the state's budget. As social justice advocates, we pledge to do our part to champion comprehensive state budget reform that safeguards essential education, health, and human services, include those needed to adequately fight HIV/AIDS in our state.

Thank you for your past support of HIV/AIDS programs. Now more than ever, people with and at-risk for HIV look to you—as a longtime ally and state leader—to safeguard vital health and human services for our state's most vulnerable residents.

If you have any questions or would like additional information, please contact John Peller, AIDS Foundation of Chicago, at 312-719-6208 or jpeller@aidshicago.org.

Sincerely,
