

GETTING TO ZERO ILLINOIS PLAN (GTZ-IL)

State of Illinois Housing Inventory Results –
People Living With or Vulnerable to HIV | December 2022

Getting to Zero Illinois is a state-wide initiative to end the HIV epidemic in the state by 2030. Through partnerships with people living with HIV, community-based organizations, health care providers, government agencies and others, we can dramatically shift HIV in Illinois. AIDS Foundation Chicago and the Illinois and Chicago Departments of Public Health coordinate the Getting to Zero Illinois project.

GTZ-IL HOUSING SPECIFIC GOAL, STRATEGIES AND OBJECTIVES

GOAL 9:

Increase housing and support services opportunities for people living with or vulnerable to HIV who are experiencing homelessness or housing instability to remove barriers to ARV use for HIV treatment and PrEP.

STRATEGY 18:

Increase by 50% the number of **dedicated HIV-housing units** for people experiencing homelessness and living with or vulnerable to HIV.

STRATEGY 19:

Increase by 50% the quantity of **housing support services**, such as case management and tenancy support, for people experiencing homelessness and living with or vulnerable to HIV.

GTZ-IL GOAL 9, STRATEGIES 18 & 19¹

OBJECTIVE 18:

By 2025, increase by at least **640** the number of **HIV-dedicated housing units** for people experiencing homelessness or housing instability and living with HIV in the State of Illinois.

By December 2022, **854** new housing units were created with an overall increase of **67%** for a new total of **2,134** HIV-dedicated housing units.

By December 2022, **no new units** were identified for those vulnerable to HIV.

OBJECTIVE 19:

By 2025, increase by at least **516** the number of **support services** connected to dedicated HIV-housing units for people experiencing homelessness and living with HIV in the State of Illinois.

By December 2022, **382** new support services were created that are connected to dedicated HIV-housing for people experiencing homelessness who are living with HIV with an overall increase of **37%** and for a new total of **1,414**.

By December 2022, **no new positions of support services** connected to dedicated HIV-housing units were identified for those vulnerable to HIV.

¹ HUD's Office of HIV Housing includes for the State of Illinois two HOPWA jurisdictions: The Chicago Eligible Metropolitan Statistical Area (EMSA) and the Remainder of State (RoS)

GETTING TO ZERO ILLINOIS PLAN (GTZ-IL)

Chicago Eligible Metropolitan Statistical Area (EMSA) Housing Inventory Results – People Living With or Vulnerable to HIV | December 2022
