

Dear Senator

As a constituent I am deeply concerned about Governor Pat Quinn's proposed \$4 million or 14%, cut in HIV funding. The impact of a 14% cut in HIV services would be severe. These cuts will reduce by **50%** state funding for community-based prevention, housing, corrections, minority health, perinatal HIV, and harm reduction programs. I hope that you will join me in supporting HIV programs and urge no HIV funding cuts.

Surely, even in a recession, the General Assembly will not turn its back on Illinois's most vulnerable residents. Please make sure people living with HIV/AIDS have access to early intervention treatment, medical care, and medications when they need it and vote against the proposal to cut HIV programs.

**I urge you to vote against HIV funding cuts.**
