

ACTION ALERT!!

"Friday Fax Flurry" - Action Needed

We need your help TODAY

The Legislative Session is scheduled to run until the end of May, so time is limited. Supportive Housing's service funding line must be \$28.5 Million. We are hearing that there could be across the board cuts to human services. It is imperative that you fax appropriations legislators today! We need to ask key lawmakers to help ensuring that 12,000 people don't become homeless or return to expensive institutions. Our request to Lawmakers is this:

| | |
|----------------------------|---|
| <u>\$28,500,000</u> | Will save 12,000 people from homelessness and/or costly institutional care. |
|----------------------------|---|

Lets flood the fax lines with our request! Forward this alert to your staff, board, residents, friends and family. Supportive housing projects are at risk. Including new and current projects, supportive housing's statewide budget request is \$28.5 million for FY 2014, providing support for 11,896 people.

Please send the attached fact sheet to the Senators and Representatives listed below.
